CenterLine Maintains Status as One of Canada's Best Managed Companies

Windsor, Canada, March 7, 2019

CenterLine (Windsor) Limited was recognized for overall business performance and sustained growth with the prestigious Canada's Best Managed Companies Gold Standard Requalified winner designation. The 2019 Best Managed program award winners are amongst the best-in-class of Canadian owned and managed companies with revenues over \$15 million demonstrating strategy, capability and commitment to achieve sustainable growth.

Now in its 26th year, Canada's Best Managed Companies is one of the country's leading business awards programs recognizing Canadian-owned and managed companies for innovative, world-class business practices. Every year, hundreds of entrepreneurial companies compete for this designation in a rigorous and independent process that evaluates the calibre of their management abilities and practices.

CenterLine's impressive growth, strong record of developing innovative and practical products and processes, and its unwavering commitment to creating a dynamic and supportive work environment for its valued staff, has assured its continued requalification of this award.

"This year's Best Managed winners are a testament to the success found when businesses invest in talent, innovate intentionally, and think long-term," said Lorrie King, Partner, Deloitte Private and Co-Leader, Canada's Best Managed Companies program. "These companies should be proud of this achievement, and their responsibility in acting as role models for other Canadian businesses."

“CenterLine is very proud of this award because it recognizes the hard work, dedication and skill of our staff along with the strength and consistency of our business strategies, systems and corporate values,” said Michael Beneteau, CEO, CenterLine (Windsor) Limited.

The Best Managed program is sponsored by Deloitte Private, CIBC, Canadian Business, Smith School of Business, and TMX Group.
