Windsor, Canada, May 10, 2022

CenterLine (Windsor) Limited announced that it has requalified as a Platinum Club Member with the Canada's Best Managed Companies program by being recognized for overall business performance and sustained growth. The 2022 Best Managed program award winners are among the best-in-class of Canadian-owned and managed companies with revenues over \$50 million, demonstrating leadership in strategy, capabilities and innovation, culture and commitment, and financials to achieve sustainable growth.

Now in its 29th year, Canada's Best Managed Companies remains one of the country's leading business awards programs recognizing Canadian-owned and managed companies for innovative, world-class business practices. Every year, hundreds of entrepreneurial companies compete for this designation in a rigorous and independent process that evaluates the caliber of their management abilities and practices.

CenterLine's impressive growth, strong record of developing innovative and practical products and processes, and unwavering commitment to creating a dynamic and supportive work environment for its valued staff, have assured its continued requalification of this award.

“The 2022 Best Managed winners exemplify innovation, adaptability, and resilience in the face of uncertainty,” said Lorrie King, Partner, Deloitte Private and Co-Leader, Canada’s Best Managed Companies program. “Over the past year, these forward-forging companies have pivoted to successfully respond to challenges and capitalize on new opportunities, leveraging industry-leading competencies to maximize their investments and drive sustainable growth.”

Applicants are evaluated by an independent judging panel comprised of representatives from program sponsors in addition to special guest judges. 2022 Best Managed companies share commonalities that include (but are not limited to) putting their people and culture at the forefront, focusing on their ESG strategies, and doubling down on accelerated digitization.

“We are extremely proud to be recognized for our achievements this past year in a rapidly changing industry,” said Michael Beneteau, CEO, CenterLine (Windsor) Limited. “This designation has always been important to CenterLine as it recognizes our continued hard work and dedication of our employees along with the strength and consistency of our business strategies, systems, and corporate values. Regardless of any challenges we faced in this ever-changing business environment, our steadfast commitment to providing our customers with innovative products and delivering cutting-edge solutions continued to be our top priority.”

“To become a Best Managed Platinum Club winner is a huge accomplishment,” said Derrick Dempster, Partner, Deloitte Private and Co-Leader, Canada’s Best Managed Companies program. “These companies demonstrate resilience, versatility, and strategic acuity. They have consistently proven their ability to thrive in a competitive, rapidly changing market. This year’s winners should take pride not only in this prestigious recognition but also in the important contributions they make to the Canadian business world.”

The 2022 winners of the Canada’s Best Managed Companies award will be honoured at a virtual gala. The Best Managed virtual symposium will address leading-edge business issues that are key to the success of today’s business leaders.

The Best Managed program is sponsored by Deloitte Private, CIBC, The Globe and Mail, Salesforce, and TMX Group.
