Düring Schweißtechnik GmbH Becomes Part of CenterLine Germany GmbH – Strengthening the Joint Market Position

WINDSOR, CANADA – Düring Schweißtechnik, a leading supplier of components and systems for resistance spot welding, became part of CenterLine Germany GmbH as of August 17th, 2026. With this move, both companies are combining their strengths to realize growth potential and sustainably expand their market position.

The cooperation will enable Düring to further develop its expertise in a targeted manner and offer customers an expanded range of services in the future. At the same time, CenterLine will benefit from Düring's expertise, customer base, and market position.

"The integration into CenterLine is an important milestone for our future development. Together, we can make optimal use of our strengths and offer our customers even better solutions," says Dr. Christof Bönsch, Managing Director of Düring.

CenterLine also sees great potential in the transaction: "Düring is an excellent fit for our strategic direction. We look forward to supporting the company on its continued growth path," adds Udo Schulz, Managing Director of CenterLine Germany.

For Düring's customers and business partners, the collaboration will remain unchanged. Points of contact, ongoing projects, and existing contracts will remain in place and will continue as usual.

The parties have agreed not to disclose the financial details of the transaction.

About Düring Schweißtechnik GmbH

Technologically sophisticated solutions for resistance welding: this is what Düring Schweißtechnik GmbH in Königsbrunn (Germany) stands for. For about 40 years, an experienced team has been developing, manufacturing and assembling manual welding guns, robotic welding guns and special welding equipment. The focus lies on meeting the individual customers' requirements. Düring services its customers from a single source, from design to construction to production and service.

In addition to their Headquarters and operations in Germany, Düring Schweißtechnik GmbH has operations located in Brazil, Mexico, and China to support their global customers' locations.

About CenterLine Germany GmbH

Founded in 2004, CenterLine Germany GmbH is a privately held company headquartered in Sinn-Fleisbach. It is part of the family-owned **CenterLine (Windsor) Limited**, in Windsor, Ontario (Canada).
